

Bushnell-Prairie City Community Unit School District 170

Date: May 20, 2019

To: Faculty, Staff, and School Community

From: Kathy Dinger, Superintendent

Re: Notification of Asbestos Abatement Project
Bushnell-Prairie City 2019 Abatement

Bushnell-Prairie City School District #170 will be performing asbestos abatement at the High School, Junior High School, and Elementary School during the summer of 2019. To facilitate the set up of equipment and provide adequate space for staging, all district offices and buildings will be closed on Tuesday, May 28, 2019 and access to certain areas within these buildings may continue to be restricted until project completion.

Interior areas affected by the asbestos abatement work will be the District Office at the High School and the teacher's lounge at the Elementary School. The remainder of the asbestos abatement work will be exterior work. All abatement areas will have barrier tape and signs posted that read "DO NOT ENTER WORK AREA" to warn people not to enter the area. The work is being performed in accordance with regulations issued by the Illinois Department of Public Health and the Environmental Protection Agency.

A detailed Scope of Work and a copy of the Management Plan are available at the District Office, which is being temporarily housed in the High School Library. Please contact us at 309-772-9461 with any questions or concerns.

Thank you for your cooperation.
